

Ecotread

100% RECYCLED SYNTHETIC FIBER CUSHION

EcoTREAD is a 100% recycled **synthetic fiber cushion** from CM Hospitality that comes in three options:

- ⇒ **28 oz, .275" thickness, 6' & 12' widths are available**
- ⇒ **32 oz, .30" thickness, 6' & 12' widths are available**
- ⇒ **40 oz, .350" thickness, 6' & 12' widths are available**

Expect Exceptional Performance Benefits:

- Smoother surface for easy stretch installations
- Installer preferred for both cutting and stretching in compared to other fiber pads
- Provides thermal and acoustical benefits
- Excellent support for stairs and basement installations
- Recommended for woven and loop pile tufted carpets
- Resists moisture and mildew
- Ideal for high traffic areas such as hospitality, offices, corridors, classrooms, and public spaces
- Environmentally Responsible -- Made from 100% recycled content and it is also recyclable and contributes to LEED credits

Sample booklets available upon request.
