## The Proposal

When CM looked at the needs of the hospitality industry, turnkey carpet manufacturing and installation services was in high demand. Coordinating all the components to create a beautiful hotel installation is not easy. Knowing that all the details are handled lets that manager focus on other important tasks involved with their renovation or new construction. That's where we can help!

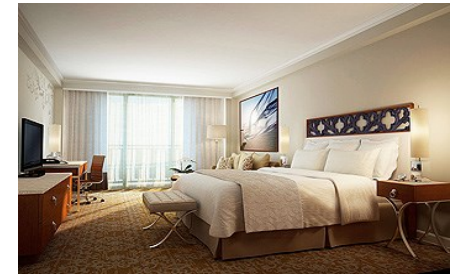

## The Perks

Let our expert team handle all the details:

- Furniture removal and carpet removal
- Coordinate recycling and logistics for discarded carpet also known as reclamation
- Measure rooms and estimate yardage to minimize waste and determine carpet width
- Procure custom carpet and all accessories such as cove base, carpet pad, transitional pieces, and adhesives.
- Manufacture the carpet and accessories and ship them to job site
- Coordinate warehousing of delivered material on job site
- Work with the hotel's schedule to efficiently install carpet to minimize loss of revenue
- Fully install all components to the satisfaction of the client at final walk through.

## The Performance

All our carpets are tufted with high performing nylons and are formulated for commercial use. We have patterns and constructions that work for all hospitality applications such as guestroom, pre-function, public spaces, and corridors. All of our carpet products are Green Label Certified and contribute to LEED Certification.

## The Promise

By participating in the Covered Services Program, you will automatically receive extended guarantee for not only the performance of the carpet but the quality of the installation. We will stand behind our work and exceed your expectations - it's our promise!
